All Caithness Varieties are bred in the pure climate of Caithness and are nurtured to full and productive status on high-health farms in Perthshire, Fife and Angus.

Caithness Potatoes Ltd.

Variety Information

MAXINE

General Description

This maincrop red skinned variety expresses oval to round oval very uniform tubers, with snow white flesh. Has excellent resistance to common scab.

Partial resistance to potato cyst nematodes Ro1 and pallida.

This variety is currently being targeted toward UK horticultural outlets and mainland Spain/Iberia. Is competing well with Red Pontiac in Spain.

Marketed as a general ware/pre-pack variety but will also process in the form of dicing.
